

**MILFORD SCHOOL DISTRICT
POLICY 5414**

**STUDENT CODE OF CONDUCT
ELEMENTARY SCHOOLS GRADE K THROUGH 5**

**CHAPTER I
INTRODUCTION AND STUDENT EXPECTATIONS**

INTRODUCTION

The Milford School District is dedicated to developing each student's potential for learning. To achieve this, students, parents, and school staff must share the responsibility for encouraging orderly, constructive student behavior. Therefore, the Board has developed this policy statement:

3. High personal standards of appearance, clothing, courtesy, decency, morality, clean language, honesty, and wholesome relationships with others shall be maintained. Respect for real and personal property, pride in one's work and achievement within one's ability shall be expected of all pupils.

CODE OF CONDUCT REVIEW

The Student Code of Conduct Central Academy and High School is an official policy of the Milford School District Board of Education. The Board of Education expects that this Code will be subject to ongoing review and revision in response to:

1. Administrative, staff, student, and parent suggestions;

RESTORATIVE PRACTICES

Milford School District believes it is important for all students and staff to build positive relationships with one another as this produces the best academic, social and emotional outcomes. Restorative practices proactively focus on relationships and increasing students' sense of belonging. The practices include deliberate and intentional tools and strategies that facilitate the building of healthy relationships. Teachers and staff are encouraged to use practices such as social-emotional learning (SEL) supports and classroom management strategies to build student understanding and promote healthy relationships. Restorative practices also include a process of healing when a harm occurs between individuals. This is essential to restoring healthy relationships with the understanding that harm-doers should be held accountable for and take an active role in repairing the harm they created.

CHAPTER II STUDENT RIGHTS AND RESPONSIBILITIES

SEARCH AND SEIZURE

Students shall be free from unreasonable search and seizure of property as guaranteed by the Fourth Amendment to the U.S. Constitution. This individual right is balanced by the school's responsibility to protect the health, safety, and welfare of others. School officials have a right under the law to search students or their property whenever there is reasonable suspicion that the students have something that violates school rules or endangers the health, safety, or welfare of others. Students may be searched to maintain the ongoing educational process, to maintain order, and/or to protect people and property.

Searches may include the student and his/her locker, desk, automobile, MSD owned computing resources including all data stored on the MSD network, personal belongings, book bags, purses, or any bags or containers used to carry personal property.

RIGHTS AND RESPONSIBILITIES OF POSSESSIONS

Students have the right: To privacy in their personal possessions unless the principal/designee/staff member has reasonable suspicion of a student's use, possession or distribution of alcohol, a drug, a drug-like substance, a look-alike substance, drug paraphernalia or of a student's unauthorized possession of items which include but are not limited to electronic device, cell phone, weapon, stolen property, unsafe item, or dangerous instruments in the school environment.

Students have the responsibility: Not to carry, conceal, or possess any materials which are illegal, disruptive, dangerous, or offensive to others. Cell phones and other electronic devices must have the power turned off and be out of sight during the school day from the time the student arrives on school grounds until the end of the school day and on the bus. Cell phone use during the school day within the school building, school grounds and/or school buses is prohibited. The District is not responsible for a cell phone or electronic device which may be lost or stolen.

Lockers: The District presumes a student possesses, and is responsible for, all items found in the student's locker. Students should regularly check the contents of lockers. If students fail to lock lockers, or provide others access to personal lockers, students remain responsible for items found in personal lockers. Student lockers are the property of the school and may be subject to search by an administrator at any time with or without reasonable suspicion to protect the health, safety, and welfare of others.

Bookbag/Purse: The District presumes a student possesses, and is therefore responsible for, all items found in the student's bookbag, purse, or similar bag or container used to carry books or personal property (referred to as "bookbag"). Students should regularly check the contents of their bookbags. If a student fails to secure his/her bookbag, or provide others access to his/her bookbag, the student remains responsible for items found in his/her bookbag.

DEBTS

Refusal to pay for lost, damaged, stolen school property or services rendered by a school program, such as but not limited to field trip fees, food, transportation, or other services related to classes, student activities, and athletics. Families may petition to the school principal to set up a payment plan or other compensation plan.

Students who have a debt with the school may be barred from attending school activities including fieldtrips. In addition, the school shall file a claim in Justice of the Peace for restitution of all debts over \$25.

SKATEBOARDS/ROLLERBLADES/WHEELED SHOES

Students are not permitted to bring or use skateboards, rollerblades, or wheeled shoes in or directly around the school.

ELECTRONIC DEVICES AND CELL PHONES

Milford School District discourages students from bringing cell phones and other communication devices to school. Such devices include but are not limited to: cell phones, tablets, beepers, lasers, radios, cameras, CD players, MP3 players, electronic games, etc. Students are prohibited from using cell phones and other electronic communication devices during the school day without permission from a school official. All devices must be turned off and kept out of sight during the entire school day when it is absolutely necessary to bring the phone to school. Violators will receive disciplinary action in accordance with the Student Code of Conduct. Students who do not turn in an electronic device when requested may be considered in defiance of school authority.

OMBUDSPERSON

An ombudsman is made available by the state of Delaware to act as a facilitator in resolving grievances and disputes. The Delaware Department of Justice Bully Prevention and School Crime Contact (Ombudsperson) Anonymous Tip Line is: 1-800-220-5414

 - a. Within five (5) business days following the waiving of hearing rights and admission of violation charges, the Superintendent shall prepare a report for the Board of Education's action at its next public board meeting or an additional scheduled public board meeting for the sole purpose of deciding on the student disciplinary matter in question.

- B. The IEP/504 Team will determine whether (1) the alleged conduct is a manifestation the student's disability, or (2) the student's programming and placement was appropriate at the time of the offense. UNSAFE SCHOOL STUDENT TRANSFER OPTION PROGRAM

Milford Elementary Schools have been declared safe schools.

The Milford School District complies with legislation by providing transfer options to those students enrolled in a District school that has been identified as "persistently dangerous" pursuant to the provisions of DDOE Regulation 608, Unsafe School Choice Option for Students in Persistently Dangerous Schools and for Students Who Have Been Victims of a Violent Felony. Students who have been victims of a violent felony under these provisions may also elect the transfer option program.

Option A: Schools Identified As Persistently Dangerous

- Within ten school days of receiving a persistently dangerous designation from the Department of Education, the District will notify parents of eligible Unsafe School Transfer Option Program students by mail. A Transfer Option Application will be attached to the notification letter. Parents of students moving to a persistently dangerous school at the end of their grade level cluster will also be notified by mail. All parents registering students at a designated school will receive a notice and Transfer Option Application at the time of registration.
- The District will accept Unsafe School Student Transfer Option Applications for fifteen school days following date of the notification mailing. Applications for in-coming kindergarten students will be accepted through first day of new school year.
- Parents will have the option to transfer to another District school that is making adequate yearly progress and has not been identified as being in school improvement, corrective action, or restructuring. School options available will be listed on the application form.
- Transfers of students will occur within 30 school days of Department of Education notification to the District. Transferring students will be assigned to bus stops currently servicing their option school by the District Transportation Department. Parents will be responsible for providing transportation to and from their assigned bus stop.
- A corrective action plan will be developed and filed with the Department of Education within 20 school days from the date that the District learns that a school has been identified as persistently dangerous.

Option B: Victim of a Violent Felony at a School

- Within five school days from the date of the acknowledgement of a violent felony charge that occurred in or on the grounds of a District school, the District will notify the victim's parents by certified mail of the Unsafe School Student Transfer Option. A Transfer Option Application will be attached to the notification letter.
- Parents have 10 school days from the date of the certified mailing to exercise their option to transfer to a safe District school that is making adequate yearly progress and has not been identified as being in school improvement, corrective action, or restructuring. School options available will be listed on the application form.
- The student will be transferred within 30 school days of the District's notification of violent felony charges being filed. Transferring students will be assigned to bus stops currently servicing their option school by the District Transportation Department. Parents will be responsible for providing transportation to and from their assigned bus stop.

The Milford School District Student Transfer Option Program components are subject to amendments as may be required by law.

WEAPONS – GUN FREE SCHOOLS ACT OF 1994 The Milford Board of Education recognizes that students and staff must be provided with a safe and secure environment for learning, free from fear, harassment or injury caused by the possession of firearms in school. In compliance with the Federal Gun-Free Schools Act of 1994, the District adopts the following policy:

Possession of a firearm, as defined by Delaware Code, on school property, in a school bus, at any school-sponsored co-curricular activity, shall result in expulsion for a period of not less than 180 school days. The superintendent shall modify the expulsion requirement to the extent a modification is required by Federal or state law in respect to students who have been determined to have disabilities. The procedures and definitions by which this policy will be implemented are contained in the Student Code of Conduct and Delaware Code.

COMBINATION OF OFFENSES

In single instances where more than one violation of the Code occurs prior to disciplinary action given, the student may be dealt with at the highest level and may be given the most severe action allowed for any of the offenses committed.

In separate incidents of violations of the Code, offenses cannot be combined prior to disciplinary action in order to determine the appropriate level and action for the latest offense. Offenses are to be considered separate, except as may be provided elsewhere in this policy. If several separate instances of the same offense occur prior to disciplinary action, all of the offenses should be processed at the appropriate level of action specified for each violation.

REMOVAL OF STUDENTS FROM CLASS OR OTHER SCHOOL ACTIVITY

Faculty and administration have authority over student conduct at all times during school and school related activities outside the school day, including riding buses. Students will be removed from class or school activity based upon the judgment of teachers and administrators. Criteria for removal of students include the safety of student and others, any form of violence, persistent disruption that interferes with learning, prevention of such situations and compelling need to speak to student privately. In using their judgment to remove a student, staff will use the Student Code of Conduct as the guide for their decisions. When a punishment or penalty is given to a student, it will be at the discretion of school authorities and based upon the Code of Conduct. If a student needs to be removed, the teacher will contact the office/follow procedures established in that school to summon assistance to remove a student.

STUDENT RECORD

All discipline offenses are made a part of the student's discipline record. The discipline referral process will start over at the beginning of each school year.

CHAPTER IV VIOLATIONS OF THE STUDENT CODE OF CONDUCT

HARASSMENT

Sexual harassment by district students or harassment or misconduct by students based upon race, color, creed, religion, gender (including pregnancy, childbirth, and related medical conditions), national origin, citizenship or ancestry, age, disability, marital status, veteran status, genetic information, sexual orientation, gender identity, or upon any other categories protected by federal, state, or local law.

Sexual harassment is a form of sex discrimination and illegal under Title VII of Civil Rights Act of 1964, which protects persons in workplace, and Title IX of Education Amendments of 1972, which protects persons from sex discrimination at school. Sexual harassment can be defined as any unwelcome attention of a sexual nature that interferes with a person's work (school) performance or creates a hostile, intimidating work (school) environment. It may include but is not limited to: demeaning remarks about one's clothing, body, or sexual activity based on gender; unnecessary touching, patting, or pinching; leering at another person; demanding sexual favors accompanied by threats relating to job or school performance and evaluation; and physical assault. It is important to remember that no person deserves to have his/her individual freedoms violated and that persons who have experienced sexual harassment often feel guilty, angry, powerless, and fearful. Such sexual harassment or misconduct, whether the harasser is another student or adult: shall include, but is not limited to the following:

- **written contact**--suggestive or obscene letters, notes, invitations, graffiti, and electronic messages of a sexual nature.
- **visual contact**--sexually suggestive looks or gestures, displaying sexually suggestive or explicit objects or pictures, cartoons, photographs, electronic images, posters, magazines, or other materials.
- **verbal contact**--sexually suggestive gestures or obscene comments including, but not limited to, those about a person's body, body parts, or sexual characteristics that are used in a negative or embarrassing way; verbal advances or sexually explicit statements which may take the form of threats, jokes, teasing, phone calls, or pressure for sexual contact or favors.
- **physical contact**--uninvited and intentional touching, blocking, or cornering of a person's freedom of movement; pinching, patting, invasion of the person's privacy by leaning over him/her or brushing up against the other person's body; or actual sexual contact, assault, or rape.
- **retaliation**--any action taken or threatened against another person for complaining about any of the behaviors described above.

Harassment based upon a person's race, national origin, disability, religion, sexual orientation, or similar characteristics by a student directed against or toward another person that occurs on the school district's premises or at school activities off the school premises is a form of conduct which is prohibited. Such harassment or misconduct shall include, but is not limited to:

1. Any assault, offensive touching, menacing, or reckless endangering of another person that is motivated by the victim's race, national origin, disability, religion, sexual orientation, or similar characteristic;
2. Oral or written words communicated by any student to another person that attack, degrade, stereotype, or offend based on the person's race, national origin, disability, religion, sexual orientation, or similar characteristic;
3. Any oral, written, or symbolic communication that can reasonably be perceived and considered as offensive, including slurs, jokes with negative connotations, apparel decorated with negative or degrading words or symbols, negative stereotyping, or other communications that are based upon race, national origin, disability, religion, sexual orientation, or similar characteristic.
4. The use of threats, coercion, or intimidation to prevent a person from reporting such harassment or misconduct as set forth in #s 1-3 above.

If you believe you or another person are the subject of such harassment or misconduct or sexual harassment or if you witness such actions or communication in general, you should report the circumstances immediately to a teacher or the principal or assistant principal at your school, to a parent or guardian, or to any employee of the school district who is in a position of authority. Persons are urged to report violations of these policies, and no one will, in any way, use threats, coercion, or intimidation to prevent a person from reporting harassment or sexual harassment. All complaints made to district staff must be reported by such staff to the Milford School District Title IX Coordinator. Upon receiving notice of a complaint of harassment, sexual harassment or misconduct based upon race, national origin, disability,

religion, sexual orientation, or similar characteristic, an investigation will be conducted as soon as possible. Confidentiality of the person and/or witnesses to the prohibited conduct will be maintained to the fullest extent possible. A school district student, who is found to have committed harassment or misconduct based upon race, national origin, disability, religion, sexual orientation, or similar characteristic, will be subject to appropriate disciplinary action, and all reports of such harassment or misconduct will be actively and diligently investigated. Appropriate action will be taken consistent with the provisions of the student disciplinary code and/or state law. The type of disciplinary action taken will depend upon the seriousness of the offense committed and may include placing the offending student on probation, suspension, expulsion, or imposing other disciplinary alternatives. Follow-up inquiries may be made to ensure that harassment, including sexual harassment, has not resumed and that the complainant and witnesses have not suffered retaliation for their actions.

DRUGS AND ALCOHOL

The Milford School District strives to:

1. promote student awareness/education concerning the dangers of substance abuse in the schools;
2. make known the availability of drug and alcohol counseling, rehabilitation, and student assistance programs;
3. provide a fair and equitable framework for administering consequences to students who violate the policy;
4. provide prior notice to all students of the District's position that the use of drugs, alcohol or steroids in the school environment is destructive of the educational process and will not be tolerated.

The misuse of drugs and alcohol is a serious problem with legal, physical, and social implications for the school community.

In cases of drug use, possession and/or distribution of drugs and/or alcohol and/or paraphernalia and/or inhalants and/or medications, the Milford School District will:

1. Follow the code of conduct to administer consequences to students.
2. Alert law enforcement of possible criminal violations.
3. Turn over all substances and paraphernalia to law enforcement officials.
4. Request analysis of the substance if necessary.
5. Require that all prescription or non-prescription drugs ~~are~~ to be handled through the office of the school nurse. Authorized drugs are those prescribed to a student by a licensed physician or that which can be purchased over the counter and for which the student has written permission from his/her parent or guardian. Both are to be brought in the original labeled container to the school environment in the dosage or amounts prescribed, or for which written permission has been obtained. In all cases, they are to be delivered to the school nurse and administered as per the physician's/parent's/guardian's written order. Violations of the policy could result in disciplinary action. All medications not reported to the nurse will be considered unauthorized.
6. Offer help and assistance to any student who feels that she/he has a problem with drugs or alcohol. School personnel will offer assistance, assessment and/or identify appropriate outside resources without penalty, unless a violation of this policy has occurred. In cases involving student assistance, cost for such treatment is the responsibility of the parent, but the school administration will be an active partner at the parent's request in securing help of a limited cost nature.
7. Be committed to developing preventative strategies for dealing with this issue through counseling efforts, instructional programs, and many other related activities. The Milford School District has also designated the school nurse, school psychologist and/or school counselors as the professionals to which staff can refer students to receive initial counseling and to obtain information or counseling/treatment services available to the student in need.

NONCONTROLLED SUBSTANCES

The act of possessing or transferring a drug-like or look-alike substance (includes all substances which fall under the definition set forth in the Uniform Controlled Substance Act 16 Del. D 4701 et seq.) shall constitute intent to use, possess, or distribute if any of the following conditions is present:

1. The express representation that the substance is a controlled substance; or
2. The express representation that the substance is of such a nature or appearance that the recipient of said delivery will be able to distribute said substance as a controlled substance; or

3. Circumstances which would lead a reasonable person to believe that the substance was a controlled substance.

It is prima facie evidence of such circumstances if any two of the following factors are established:

- A. The non-controlled substance is packaged in a manner normally used for the illegal delivery of controlled substances.
- B. The delivery or attempted delivery included an exchange of or demand for money or other valuable property as consideration for delivery of the substance, and the amount of such consideration was substantially in excess of the reasonable value of the non-controlled substance.
- C. The physical appearance of the finished product containing the substance is substantially identical to a specific controlled substance.

TOBACCO AND VAPING PRODUCTS

The Milford School Board of Education recognizes that tobacco and vaping products, including any product marketed as an electronic cigarette, product marketed as Juul and other electronic cigarettes, present a health and safety hazard that can have serious consequences for users, nonusers, and the school environment. The purpose of this policy is to prohibit student possession, use, transfer, purchase, and sale of tobacco and vaping products, including Juuls and other all electronic cigarette products on school grounds and buses and during school activities. The State of Delaware prohibits smoking by all persons within all buildings, facilities, and school grounds of the District in accordance with MSD policy 4220.

School administration shall inform the parent/guardian whether local law

enforcement has been or may be notified of the incident. School administration shall document attempts made to reach the parent/guardian.

AGGRESSIVE GROUPS AND GANG POLICY

The Milford School District recognizes that the harm done by the presence and activities of gangs and aggressive groups in public schools exceeds the immediate consequences of such activities such as violence and destruction of property. Gang and aggressive group activities also create an atmosphere of intimidation in the entire school community. Both the immediate consequences of this activity and the secondary effects are disruptive and obstructive of the process of education and school activities.

It is therefore the policy of the Milford School District that gangs and aggressive groups are prohibited in the Milford School District Schools, according to the following:

I. Definitions for Purposes of this Policy

An "aggressive group" is any group of two or more students who act collectively in an aggressive, confrontational, or territorial manner toward other students within the school or in violation of disciplinary rules of the school district.

SCHOOL BULLYING & CYBERBULLYING PREVENTION

The Milford School District (the "District") recognizes that safe learning environments are necessary for students to learn and achieve high academic standards. The District strives to provide safe learning environments for all students and all employees.

I. Prohibition of Bullying Which Includes Cyberbullying

The District prohibits the bullying of any person on school property, at school functions, by use of data or computer software accessed through a computer, computer system, computer network or other electronic technology of the District from grades kindergarten through grade twelve. In addition, cyberbullying (as defined herein) is prohibited by students directed at other students. Incidents of cyberbullying shall be treated by each school district and charter school in the same manner as incidents of bullying. The District further prohibits reprisal, retaliation or false accusation against a target, witness or one with reliable information about an act of bullying.

II. Definition of Bullying & Cyberbullying

As used in this policy, bullying means any intentional written, electronic, verbal, or physical act or actions against a student, school volunteer or school employee that a reasonable person under the circumstances should know will have the effect of:

- A. Placing a student, school volunteer or school employee in reasonable fear of substantial harm to his or her emotional or physical well-being, or substantial damage to his or her property; or
- B. Creating a hostile, threatening, humiliating or abusive educational environment due to the pervasiveness or persistence of actions, or due to a power differential between the bully and the target; or
- C. Interfering with a student having a safe school environment necessary to facilitate educational performance, opportunities, or benefits; or
- D. Perpetuating bullying by inciting, soliciting, or coercing an individual or group to demean, dehumanize, embarrass, or cause emotional, psychological, or physical harm to another student, school volunteer or school employee.
- E. As used in this policy, cyberbullying means the use of uninvited and unwelcome electronic communication directed at an identifiable student or group of students, through means other than face-to-face interaction which (1) interferes with a student's physical well-being; or (2) is threatening or intimidating; or (3) is so severe, persistent, or pervasive that it is reasonably likely to limit a student's ability to participate in or benefit from the educational programs of the school district or charter school. Communication shall be considered to be directed at an identifiable student or group of students if it is sent directly to that student or group or posted in a medium that the speaker knows is likely to be available to a broad audience within the school community.
 1. Whether speech constitutes cyberbullying will be determined from the standpoint of a reasonable student of the same grade and other circumstances as the victim.
 2. The place of origin of speech otherwise constituting cyberbullying is not material to

whether it is considered cyberbullying under this policy, nor is the use of school or district materials.

Explanation: Bullying is usually defined as involving repeated acts of aggression that aim to dominate another person by causing pain, fear, or embarrassment. However, one act alone may constitute bullying if the requisite intent and effect set forth in the definition are met. Bullying may be perpetuated by an individual or a group. It may be direct or indirect. Although a person may be repeatedly bullied, a different person might be doing the bullying each time, which may make it difficult to recognize that bullying is occurring. An act is intentional if it is the person's conscious objective to engage in conduct of that nature. The actions listed below are some examples of intentional actions which may become bullying depending on their reasonably foreseeable effect.

Physical bullying: Pushing, shoving, kicking, destroying of property, tripping, punching, tearing clothes, pushing books from someone's hands, shooting/throwing objects at someone, gesturing, etc.

Verbal bullying: Name calling, insulting, making offensive comments, using offensive language, mimicking, imitating, teasing, laughing at someone's mistakes, using unwelcome nicknames, threatening.

Relational Bullying: Isolation of an individual from his or her peer group, spreading rumors.

Cyber-bullying: Bullying by using information and communication technologies. Cyber-bullying may include but is not limited to:

1. Denigration: spreading information or pictures to embarrass,
2. Flaming: heated unequal argument online that includes making rude, insulting, or vulgar remarks,
3. Exclusion: isolating an individual from his or her peer group,
4. Impersonation: Using someone else's screen name and pretending to be them
5. Outing or Trickery: forwarding information or pictures meant to be private.

Sexual Bullying: With the exception of physical contact which is deemed criminal and/or meets the definition of Unlawful Sexual Contact as defined in DE Code §4112, unwanted touching of a sexual nature, unwanted talking about private parts, and unwanted comments about target's sexuality or sexual activities.

This list should be used by way of example only and is not exhaustive. Such actions become bullying if they meet the definition with regard to intent and reasonably foreseeable effect. This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the education environment. Similar behaviors that do not rise to the level of bullying may still be prohibited by other District policies or building, classroom, or program rules.

III. School-Wide Bully Prevention Program

The District is committed to support each school in their adoption of a school-wide bully prevention Program. Each school is directed to develop or adopt a school-wide, research-based bully prevention program. A Coordinating Committee will be created, as described in Section IV of this policy.

IV. Coordinating Committee

Each school shall establish a site-based committee that is responsible for coordinating the school's bully prevention program including the design, approval and monitoring of the program.

V. Reporting Requirements

Bullying is unacceptable and a culture of openness is the best way to counter such behavior. It is the responsibility of each member of the school community: pupils, staff, and parents to report instances of bullying or suspicions of bullying, with the understanding that all such reports will be listened to and taken seriously. Any school employee with reliable information that would lead a reasonable person to suspect a person is a target of bullying shall immediately report it to the administration.

VI. Investigative Procedures

- A. Each school is required to have a procedure for the administration to promptly investigate in a timely manner and determine whether bullying has occurred and that such procedure include investigation of such instances, including a determination of whether the target of the bullying was targeted or reports being targeted wholly or in part due to the target's race, age, marital status, creed, religion, color, sex, disability, sexual orientation, gender identity or expression, or national origin. This does not preclude schools from identifying other reasons or criteria why a person is a target of bullying.
- B. All reported incidents of bullying, regardless of whether the school could substantiate the incident, must be reported to the Department of Education by the principal or the principal's designee within five (5) working days.
- C. Some acts of bullying may also be crimes which must be reported to the police and/or the department of education pursuant to the school crime reporting law (14 Del. C. § 4112)

VII. Non-Classroom Supervision

To the extent funding is available; each school must develop a plan for a system of supervision in non-classroom areas. The plan shall provide for the review and exchange of information regarding non-classroom areas.

VIII. Consequences for Bullying

Consequences for bullying are outlined in the disciplinary matrix in the school code of conduct. A written notice to parents/guardians will be provided in both alleged and substantiated cases to both victims and bullying perpetrators. Repeated and/or serious bullying violations will be reported to law enforcement.

VIX. Retaliation

Retaliation for reporting bullying is prohibited. The consequences and appropriate remedial action for a person who engages in retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act. The potential consequences for retaliation are as set forth in the preceding section.

Reporting Procedures

- A. The procedures for a student and parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) of this Title or legal guardian to provide information on bullying activity will be as follows:
 - 1. If a child complains of bullying while it is happening, the staff member will respond quickly and firmly to intervene, if safety permits. The staff member will report the complaint to the administration or designee.
 - 2. If a child expresses a desire to discuss a personal incidence of bullying with a staff-member, the staff-member will assist to provide the child with a practical, safe, private, and age-appropriate method of doing so. The staff member will report the concern to the administration or designee.
 - 3. Written complaints shall be reasonably specific as to actions giving rise to the complaint and should include information as to:
 - a. Conduct involved
 - b. Persons involved, designated bully, target, and bystanders' roles
 - c. Time and place of the conduct alleged number of incidents
 - d. Names of potential student or staff witnesses
 - e. Any actions taken in response
 - 4. Short, easy to use complaint forms can be obtained from the school administration or district office. (Appendix II – MSD Bullying Reporting Form)
 - 5. The MSD Bullying Reporting Form may be completed on the school website and automatically sent to school administration.
 - 6. Anyone may report bullying. A report may be made to any staff member.
 - 7. Each principal will designate a person or persons responsible for responding to bullying complaints.
- X. Every confirmed bullying incident will be recorded in the School Register of Bullying incidents (Milford School District RAP), which will be a central record for designated staff to read. This will give an indication of patterns which may emerge of both bullies and victims.

XI. Anonymous Reports

Formal disciplinary action solely based on an anonymous report is not permitted. Independent verification of the anonymous report is necessary in order for any disciplinary action to be applied.

XII. Notification of Parents, Guardian, or Relative Caregiver

A Parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) or legal guardian of any target of bullying or person who bullies another must be notified.

XIII. Procedure to Communicate with Medical and Mental Health Professionals.

The following procedures for communication between school staff members and medical professionals who are involved in treating students for bullying issues must be followed:

1. Pediatricians/Primary Care Physicians and Mental Health Professionals are important links in the overall wellness of the whole child. The ability to communicate appropriately to identify the optimal health care needs of the child is necessary when issues at school impact the physical and emotional health of the child. This is especially true in bullying due to the social nature of the problem. Release of information forms must be signed by the parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) or legal guardian in order for the primary care physician or mental health professional to communicate with school personnel regarding any treatment of a child. Releases should be signed both at school and at the physician or mental health professional's office before communication may take place according to HIPPA and FERPA guidelines.
2. If a parent refuses to sign a release form at school the school will review this policy with them, explaining the reasons the release would be advantageous to the parent's child.
3. After confirmation that a child has been involved in a bullying incident, if the principal or designated person recommends a mental health evaluation be completed, the school may:
 - a. Require that return to school will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate.
 - b. Require that the student remain in in-school suspension and that return to regular class schedule will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate.
4. A summary of the evaluation shall be shared at a meeting with student, parent/guardian and school principal or designated person prior to return to school or the general population.

A. Emergency evaluations can be obtained through Christiana Care Health Services Emergency Center at Christiana or Wilmington Hospital (302)-733-1000, the Rockford Center (866)-847-4357. Crisis services are also available through Prevention and Behavioral Health Services, State of Delaware 24-hour hot line (302)-633-5128. Non-emergent services can be obtained through Children and Families First (800)-734-2388, Catholic Charities (302)-655-9624, and Delaware Guidance (302)-652-3948 in New Castle County or by contacting a medical insurance company for recommended providers in the area.

XIV. Implementation

The school bullying prevention program must be implemented throughout the year *integrated with the school's discipline policies and 14 Del. C. § 4112.*

XV. Accountability

Each school shall notify the District in writing of its compliance with this policy and submit a copy of the procedures adopted under this policy by *January 1* of each school year. Each school shall verify for the District the method and date the policy has been distributed to all students, parents, faculty, and staff.

Informing Students of Electronic Mediums

Upon implementation of this policy, and again at the beginning of each academic year, each school district and charter school shall inform students in writing of mediums where posting of speech will be presumed to be available to a broad audience within the school community, regardless of privacy settings or other limitations on those postings. From implementation of this policy, postings on Facebook, Twitter, YouTube, SnapChat, Instagram, TikTok, and Pinterest shall, at minimum, be included in each districts and charter's school list of mediums where posting of speech will be presumed to be available to a broad audience within the school community, regardless of privacy settings or other limitations on those postings. This list is not

considered exclusive and any social media outlet which allows for communications that may be viewed by the intended victim or refers to the victim shall be considered an electronic medium for the purposes of enforcing the electronic bullying aspects of this policy. Internet sites such as “blogs” which may be used by individuals for the specific purpose of bullying as defined above shall also be treated in the same manner as other publicly accessible internet portals.

XVI. Policy Notification

The policy shall appear in the student and staff handbook and if no handbook is available, or it is not practical to reprint new handbooks, a copy of the policy will be distributed annually to all students, parents, faculty, and staff.

XVII. Rules and Regulations

Implementation of this policy shall comply with all rules and regulations the Delaware Department of Education may promulgate to implement *Title 14 Section 4112D of the Delaware Code*.

XVIII. Other Defenses

- A. The physical location or time of access of a technology-related incident is not a valid defense in any disciplinary action initiated under this policy provided there is sufficient school nexus.
- B. This section does not apply to any person who uses data or computer software accessed through a computer, computer system, computer network or other electronic technology when acting within the scope of his or her lawful employment or investigation of a violation of this policy in accordance with school district policy and with the approval of the superintendent.

XIX. Relationship to Other Laws

An incident may meet the definition of bullying and also the definition of a particular crime under State or federal law. Nothing in this policy shall prevent school officials from fulfilling all of the reporting requirements of § 4112, *Title 14 of the Delaware Code*, or from reporting probable crimes that occur on school property or at a school function which are not required to be reported under that section. Nothing in this section shall abrogate the reporting requirements for child abuse or sexual abuse set forth in *Chapter 9 of Title 16 of the Delaware Code*, or any other reporting requirement under State or federal law.

Nothing in this policy shall supersede or be construed in such a manner as to conflict any state or federal laws concerning special education or individuals with disabilities.

Reporting School Crime

Delaware Code requires mandatory reporting of the offenses listed in 14 Del.C. §4112. Each school district employee has a duty to report school crimes and may incur a penalty for failure to report.

Milford School District maintains a Memorandum of Agreement (MOA) with the Milford Police Department which is approved by the Department of Education.

Superintendent or his/her designee shall report to the Department of Education all school crimes pursuant to 14 Del.C. §4112 and any incidents of misconduct pursuant to 14 Del.C. §601.
