DISCIPLINE DATA REVIEW

The Milford School District Administration shall annually prepare and present to the Milford Board of Education, a comprehensive discipline report that includes number of referrals by discipline code and the consequences imposed by race, by school. The Board and Administration shall use this data to determine the equity, effectiveness, and fairness of its discipline code/procedures. The annual review of this data shall occur between August and September of each school year, shall be done at a regularly scheduled board meeting, and shall be for the purpose of eliciting suggestions and recommendations for insuring equity, fairness, and effectiveness of the student discipline system. Data presented shall include the number of referrals by race, number of resulting detentions, in-school suspensions, out-of-school suspensions, alternative school placements and expulsions, number of referrals rejected based on merit, and the number of resulting police contacts and actions.
