TRANSPORTATION: BUS ACCIDENT/EMERGENCY RESPONSE POLICY
This policy applies to all bus contractors and companies doing business in the Milford School District. It establishes a system for reporting bus accidents. All school bus and district vehicle accidents must be reported immediately. This includes non-collision type accidents that result in any damage to the bus, injury to the bus driver, or passengers.

In case of a bus accident, Emergency 911 (Fire Company, EMS, Police) shall be called by the driver/contractor as quickly as possible. The top consideration is the safety and well-being of all students. The Superintendent of Schools and the Transportation Supervisor are to be notified by phone by the driver/contractor as soon as possible at the number provided to all bus drivers and contractors. School Board members will be notified as soon as possible through the Superintendent’s Office.

The Superintendent of Schools or designated person at the District Office shall notify all administrators of the school(s) involved in the bus accident, answer or refer all inquiries, and investigate the accident. Following the investigation, a written report shall be given to the Superintendent of Schools.
MILFORD SCHOOL DISTRICT
Milford, Delaware 19963
POLICY

3402-R1

TRANSPORTATION: BUS ACCIDENT/EMERGENCY RESPONSE REGULATIONS
Bus Accident/Emergency Procedures and Chain of Responsibilities Rules and Regulations

Bus Driver Instructions:

1. Remain calm and call 911 immediately.
2. Contact the superintendent and transportation supervisor immediately. Contact the bus owner/contractor immediately (Exhibits 2 & 3). The supervisor of transportation will immediately go to the accident/emergency scene.
3. The driver should care for the immediate needs of his passengers to the extent possible.
4. The driver should care for the needs of non-passengers involved in the accident to the extent possible.
5. The driver should cooperate with and assist emergency responder personnel (Fire, EMS, district staff, and police) to the extent possible.
6. Preserve the accident to the extent possible.
7. The driver may not authorize any passenger to leave or be taken from the accident scene.
8. REMAIN CALM. Help is on the way.
Supervisor of Transportation Instructions:

1. Proceed immediately to accident scene and assist at scene as requested by Fire Company, EMS, and MPD or Delaware State Police. The supervisor will bring emergency files and required documents. The MSD will be responsible for student accountability.

2. Prior to departure or en-route, the Supervisor of Transportation shall notify (Exhibits 2 & 3):
   _____ Superintendent of Schools  _____ Transportation Secretary  _____ Bus Contractor
   _____ School Principal

3. At Accident Scene the Fire Company will respond with the Officer In Charge (OIC). The Supervisor of Transportation will introduce self to the Officer In Charge (OIC). Upon arrival EMS will implement Special Operations Section-Standard Operating Guidelines and will assist with triage and patient care coordinated with medics on the scene. Once scene has been secured and all patients treated and removed from the scene, it will be turned over to the appropriate Police Agency.

Accountability will be coordinated through the Milford School District’s representative(s), Medics, and the Fire Company Personnel. The Supervisor of Transportation shall:
   _____ Check with Fire Company Commander and ask that the following people be authorized admittance to scene as needed:
     • Bus Contractor • Back-up bus to transport students to school– if necessary
     • Back-up bus to finish route • Other school official(s) as required

   NOTE: Potential problems if parent/guardian is fireman, policeman, EMS, bystander, prohibited

4. The Supervisor of Transportation shall Identify and Introduce self to Fire Chief/Commander:
   _____ Obtain list of injured students to be transported to hospital
   _____ Obtain list of students involved without complaints of injury
   _____ Relay lists to Transportation Secretary
5. Provide emergency file for involved bus to:
   ______ Fire Chief/Commander ______ Police Agency ______ EMS responder(s)

6. Provide “script” to Transportation Secretary with Superintendent’s approval to use when responding to info requests

7. The Transportation Supervisor shall coordinate transportation needs:
   ______ Coordinate students involved without complaints of injury to transport to school.
   ______ Coordinate completion of route with substitute bus.

   Students without complaints of injury are to be transported to the school whether AM or PM trip.

8. The Transportation Supervisor shall instruct the bus contractor representative to address:
   ______ Towing needs ______ Contact Insurance Company ASAP
   ______ Driver Post Drug/Alcohol screening required
   ______ Discuss details of accident ONLY with Police, EMS, Fire and School Administrators

9. Obtain names and address of parties who assisted
   
   Party #1
   
   Party #2

10. Proceed to hospital once all students have departed scene and contractor representative is on scene to secure damaged bus. The Transportation Supervisor shall notify:
    ______ Superintendent of Schools
    ______ Transportation Secretary ______ Bus Contractor ______ School Principal

11. Assist families and guardians as they arrive. Assist hospital staff as necessary.

12. Assist with full accounting for all students.

13. Following the accident investigation, a written report shall be given to the Superintendent of Schools (Exhibit 1).
Transportation Secretary Instructions:
1. Contact the affected school (Exhibits 2 & 3):
   _____ Fax school an up-to-date bus student roster
   _____ Provide school list of injured students being transported to hospital
   _____ Provide school list of students without complaints of injury to be transported to school
   _____ Provide school the approved “script” to use for general inquiries
2. Arrange for a 2nd bus if needed to transport students without complaints of injury to school.
3. Arrange for 3rd bus to complete run if AM run.
4. Contact hospital and alert them to bus accident as warranted
5. Reconcile student lists with the school to determine:
   _____ PM Run students dropped off before accident
   _____ AM Run students not yet picked up
   _____ Provide AM Run not yet picked-up students to 3rd bus operator
6. Receive answer and route calls and inquiries:
   • Use approved “script” for general inquiries obtained from Superintendent of Schools
   • Media calls forward to Superintendent or designee
7. Be available to provide administrative support to:
   • Supervisor of Transportation • School Building Principal and/or Administrators
   • Contractor Involved in Accident
8. Follow-up:
   _____ Work with contractor and school to determine that all students are in school or legitimately out sick with parental knowledge/permission
   _____ Prepare accident file:
   • Police report • Copy of MCI Patient Log (where available)
   • Copies of parent letters sent by building Principal
   _____ Prepare accident report for Superintendent and Operations Director
   _____ Prepare letters of appreciation to parties who assisted with accident
Building Principal Instructions:
The Principal or designee has authority to direct and manage the staging area (school) once non-injured students are transported to the school. These procedures assume the school/student handbook has information directing parents to report to the school in the event of a confirmed bus accident with personal injuries.

1. Prepare staging area to receive students not injured (gym or cafeteria):
   • Receive parents and family members at staging area.
   • Private changing area – inclement weather conditions.
   • Private area with seating for students/families to meet with EMS and psychologist/counselor.

2. Proceed (or send designee) to the hospital to assist Transportation Supervisor:
   • Designee (or Principal) to remain at school staging area to receive non-injured students and family as well as manage staging area activities.

3. Notify/recall nurse and may need to call psychologist/counselor to assist with medical and emotional needs of incoming students and families:
   • EMS may arrive with students and perform a post-accident screening with school nurse.
   • Obtain and have ready emergency medical information regarding incoming students.
   • Involve the crisis team at the principals' discretion.

4. Obtain list from Transportation Secretary:
   _____ List of students without complaints of injury in route to school
   _____ List of injured students in route to hospital
   _____ Assist with student count reconciliation

5. Notify faculty/staff of incident.
   • Injured students • Students without complaints of injury • Students who will be tardy

6. Parent Notification (in this order or concurrently if sufficient staff is available):
   _____ Injured Students in route to hospital
• Inform parents that students were transported and at which hospital they can meet their child(ren).
  _____ Students without complaints of injury in route to school
• Inform parents that students were checked at the scene and will be re-screened upon arrival to school.
  for latent injuries upon arrival to school.
• Inclement weather conditions – parents to bring dry clothes for student
• Request parents report to school to receive students, if necessary, to meet with EMS personnel about student’s physical condition.
• PM Runs – parents MUST report to pick up students at school
  _____ AM Run Students not yet picked up
• Inform parents that 2nd bus is in route and will be off-schedule.
  _____ PM Run Students dropped off before accident
• Inform parents of accident and that their child(ren) were not involved FYI to control rumors.

7. Receive students without complaints of injury to the prepared screening area (cafeteria or gym) for post-accident screening by school nurse, and other assessment(s) by school psychologist and EMS personnel if available:
  • Identify students upon arrival
  • Compare to students without complaints of injury list received in #4 above, checking in all students

8. Once screenings are complete, release students as follows:
  • Released students to attend class --- Number of students _______
  • Transported students to Hospital --- Number of students _______
  • Students signed out by parents --- Number of students _______

9. Make an age appropriate school-wide announcement, informing all faculty, staff and students of the bus accident:
  • When and where the accident occurred • Nature of the accident
  • How many students were on the bus • How many students were transported to hospital
  • How many students were received without complaints and had negative findings at the time of the post-accident screening was conducted.

10. Follow-up Exhibits 4, 5, and/or 6):
    _____ Letters to parents of injured students.
    _____ Letters to parents of students without complaints of injury but on bus at time of accident.
    _____ Letters to parents of students assigned to bus but not on bus at time of accident.
EXHIBIT 1: TRANSPORTATION: BUS ACCIDENT EMERGENCY PROCEDURES
Initial Bus Accident Report Data – Completed by Transportation Supervisor

All bus accidents are to be reported immediately to the Superintendent of Schools and Operations Director whether or not there are personal injuries or property damage. Please obtain the following information to the extent possible:

General Description of Accident: Date: Time:
________________________________________________________________________
________________________________________________________________________
_______________________________________
________________________________________________________________________
_______________________________________

1. What was the exact location of the accident?
________________________________________________________________________

2. Were personal injuries evident? YES_____ NO_____
   Description of injuries_________________________________________________________
   _________________________________________________________________________
   _________________________________________________________________________

3. Was property damage evident? YES_____ NO_____
   Description of property damage
   _________________________________________________________________________
   _________________________________________________________________________

4. Has 911 been called?
   YES_____ NO _____ CALL 911 IMMEDIATELY (if property damage or personal injuries are evident) 9

5. School being serviced by the bus involved in the accident:
   _____ High School _____ Central Academy _____ Middle School
   _____ Mispillion _____ Banneker _____ Lulu Ross _____ Morris ECC

6. Bus Contractor and Bus # involved in accident:

7. Persons Contacted:
   _____ Superintendent of Schools
   _____ School Principal _____ Transportation Secretary
   _____ School Nurse _____ School Counselor _____ School Psychologist

Sample Letter

Date
We are writing to inform you that on date, your child’s school bus # was involved in a traffic incident. There was (description of the incident) and there were (number of) injuries reported at the scene of the incident. Your child was transferred to his/her school by Milford School District Bus # and then transported safely home.
As always, please feel free to contact our office with any questions or concerns you might have.
Sincerely,

Name
Supervisor of Transportation
302-424-6476
Dear Parent / Guardian,

Your child was involved in a motor vehicle accident today while riding the school bus. Emergency personnel were called to the scene and evaluated your child. Based on their findings, it was not deemed necessary to transport your child to the hospital at that time. Emergency personnel made the decision that your child could be safely transferred back to school. Upon arrival to the school, your child received a “post-accident” screening by the school nurse / medic. This screening was performed at __________ am / pm, and was directed at identifying any immediate life-threatening conditions. This “post-accident” screening is not to be confused with a full medical evaluation by a physician. School personnel are communicating that at the time of the screening, the child did not complain of any pain or injury, nor demonstrate any indication that an emergency condition existed. Your child’s vital signs were within normal limits for his/her age at that time as well.

I understand that my child has only received an initial evaluation by emergency personnel and a “post-accident” screening by the medic / nurse.

I understand that a full medical evaluation has NOT been performed.

I understand that if my child complains of pain, or I notice a change in my child’s condition. I need to immediately take my child to the nearest hospital emergency department.
